PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center IPIC (DIA). The photographic analysis for this particular report was performed by the Production Center IPIC.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

This installation occupies 176 acres 25.5 kilometers (km) south-southeast of Korosten, immediately south of Srariki (Figure 1). Thirty-one family-type quarters, 15 multistory barracks, a U-shaped administration building, 12 storage buildings, and 10 multi- and single-story buildings associated with a gravel mining outfit are visible here (Figures 2 and 3).

The major function of this installation is

believed to be housing of military personnel concerned with the engineering and maintenance of the MRBM sites in the area. The installation is not rail served, nor does it have an associated airstrip.

The installation was covered by KEY-HOLE missions between [REDACTED]

DESCRIPTION OF INSTALLATION

25X1D

Road Service

The installation is served by a hard-surface road which branches off the all-weather road between Korosten and Zhitomir.

Administration and Troop Housing Areas

Area D1 contains 31 family-type quarters. Area D2 contains 15 multistory barracks, one U-shaped, multistory administration building, and 7 support buildings.

General Storage Areas

Area E1, fenced, contains one storage building and two storage sheds.

Area E2, fenced, contains three storage

buildings.

Area E3 contains nine storage buildings.

Other Buildings and Facilities

Ten multi- and single-story buildings (H) are associated with a gravel mining activity.

Equipment Storage/Maintenance Area

Area J contains one 145- by 30-foot maintenance building.

Athletic Field

Area K is an athletic/drill field.

Small-Arms Firing Range

Area L is a 470- by 185-foot small-arms firing range.
